

**Blue Ridge Council Exporee 2018**  
**Pinewood Derby Scoring Procedures**  
**For All Racers**

Races will be conducted as timed races.

Each individual car's time from when the starting gate is released to when it crosses the finish line will be recorded using automatic timers built into the track system.

Each racer will get to race his/her car 4 times, once in each lane of the 4-lane track.

Scoring will be done as follows:

Each racer will have four times recorded, and these will be averaged to obtain the racer's overall time.

Standings will be based on this average.

For the Lions and cub scouts who are participating in the Council Competition, awards will be made to the top three winners in each Rank.

No other awards will be made.
